

# Service Specification

Our payout corridors by country, speed and transaction limit.

# Tranglo connects your business to the world

Our all-in-one cross-border collection and payout solution gives you the most cost-effective way to send and receive money without sacrificing speed and security. Collect payments from Indonesia and Singapore and send them out to over 25 countries. All major currencies supported.

## 5 advantages of Tranglo Business

### Single API access

Our proprietary technology seamlessly integrates and handles your end-to-end payment journey, making it easy for you to collect your payments and send them out reliably.

### World-class compliance and security

Real-time monitoring, screening and blocking service that ensures full compliance with international and local financial regulations.

### Competitive FX rates

Great pricing that saves you money the more you transact through us.

### Best coverage for APAC and SEA corridors

Over a decade of processing cross-border payments in high-traffic corridors like Philippines, Indonesia and Vietnam.

### Complimentary marketing and technical support

Data-based insights for you to ease reconciliation and account keeping. Our technical and customer support team is available 24/7.
